

# BEST OF THEM

Hands up now side to side  
And if you don't like this well that's alright – 'Cuz  
I'm still rolling with the best of them (3x)  
So deep we rolling with the best of them

Patron saint of this - patron saint of that  
Can't relate to him - well then relate to that  
Virgins, martyrs, and doctors that's all stating facts  
In the life of every holy one's a sinner's past  
Wanna follow Jesus - but can't understand  
Need a living example? - Well I can show you that  
Thousands of people, thousands of relics and artifacts  
And I'm meeting tons of Saints that's living in modern man

Hands up now side to side  
Hands up now side to side – OH!  
Hands up now side to side  
And if you don't like this well that's alright – 'Cuz  
I'm still rolling with the best of them (3x)  
So deep we rolling with the best of them

Uh yeah – I'm rolling with the best of them  
All languages cultures but still blessing them  
Gotta face the struggle and suffer - keep excellence  
Alienated like we Mexicans  
That last supper cup is the only refreshment  
Daily martyr my peoples give all the stress to him  
Always pain but in passion and resurrection it's  
All given its purpose and its direction yes

Hands up now side to side  
Hands up now side to side – OH!  
Hands up now side to side  
And if you don't like this well that's alright – 'Cuz  
I'm still rolling with the best of them (3x)  
So deep we rolling with the best of them
