Facebook messenger chat
While taking a call on phone line
That's a Distracted mind
Tryna get your life aligned
But keep going off road making work for the
mastermind
The masters mind
Is the way I truly wish was mine
I want that ever green life
But always seem to Trim the pine
How many of us
Will truly stand the test of time?
Simple minds
Sin is blind
On the road to our demise
I sympathize - not getting at you guys
I struggle with it too –
Even though I walk with Christ
Get me chips and dip
And if you add a hint of lime
It seems for the time I'm satisfied
And I'll Advertise
To the world like
Yeah everything is fine
But deep down inside
There's a longing for more
Than wraps and fries
See when I talk about food
I distract you guys
Want that full course meal
But only eat the appetize-rs

Distracted minds....
Say we're on our grind
But really when you factor the time given
Don't use it right

Waste hours online –
Do it for the vine
Show up to things late
And then we wanna jump the line
That's a distracted mind
See a girl passing by
And you gotta snap your neck
To turn and look her behind
So many times
Justify - we know ain't right
Always settle for what's less
Than true holy and dignified
'Cuz it ain't a crime
Legally in our nations eyes
We find every reason
To try and make it seem alright
That's a distracted mind
Sit at table dinner time
Scroll through our news feed
Instead of spending some family time
Going on a trip
And wait until the very last night
Before you pack your bags
Yeah we do it all the time
That's a distracted mind
Doesn't study until the night
Before the exam
Cramming thoughts way into his mind
We think prayer
Is only for designated times
But go to Matthew 26:41
And read that line
Pray always
And keep a recollected mind
Continuous prayer is the only freedom
From distracted minds
