"ENCULTURED"

A FILM ON THE CATHOLIC CHURCH AND MODERN CULTURE

NOW AVAILABLE FOR SPECIAL SCREENINGS

Encultured is the “new evangelization” in practice.

Rooted in Christology, this film continues in the essence of Church Tradition carried throughout the documents of Vatican 2 by adapting the way Church teachings are presented to the culture and presenting it to them by using the culture itself to explain.

Speaking from their experience, and expressing both their difficulties and successes Encultured features a variety of interviews of those working in ministry from priests, to Directors of Religious Education, Youth Ministers, Teachers, artists, Catholic radio show hosts, worship leaders, artists, and more.

Produced by all is love media; Directed by Brandon Morel(The Symbol), and Narrated by Dr, Alex Gotay this film is an analysis of the state of modern culture, and how the church is to dialogue with it and evangelize it.
