

LET ME SEE SOMETHING

F.E.A.T. ALEX GOTAY

Hook:

Most people talk a good game - Don't do nothin'
See you - you talk a good game
Let me see something (now)
Let me see something from you
Let me see something

Verse 1:

Yeah you know the boy's sick with the word play
Still putting' in the work man
'Oh Lord' just hit a new birthday
Another year - less time - make more change
On the record; not only what the verse say
Here to live each day Holy Thursday
Deep sea in the ocean like mermaids
That dove from above wash me - bird bathe
Take my sin to California, then Terminate
I've been fishing with my Nets - no Barclay
A lot of ya'll make music, and stay the same
No subs - no Curry takin' shots man
Hashtag I'm sayin' though
No G - H though, just H - O (#ImSayinTho)
'Nah mean 'nah mean just play your role
Mother Theresa said small things - lotta love
Start doing something. Say no mo' ... I'm a say no mo'

Hook:

Most people talk a good game - Don't do nothin'
See you - you talk a good game
Let me see something (now)
Let me see something from you
Let me see something

Verse 2:

On the daily I be livin' in the Lion's Den
At daily mass, tryna get my daily vitamins
Workin' out on the soul - gettin' right within
Most Catholics don't practice - Iverson
That mystical reality - they mighta missed
If at first you don't succeed - Aaliyah try again

I'm a keep puttin' trust in the Sacraments
each and every day - till I spend eternal life with him
How many priests take the time out the Rolex
Lay people sayin' "I just can't afford yet"
Maybe 'cuz each of these pay days
They're more concerned with people watchin'
them Whip Nae Nae - They Lazy
Lets be honest; I do it too
Thankfully I don't work alone - so do you
'Cuz through all my failed efforts true and true
I know and trust that Christ gonna pull it through
Now watch him pull it through
Like a mother in labor our savior's here to give us life
I aint sayin' no more... I'm livin' life

Hook:

Most people talk a good game - Don't do nothin'
See you - you talk a good game
Let me see something (now)
Let me see something from you
Let me see something

Speech:

The contrast between receiving something good and not sharing that good thing leads one to think...
On what level did you receive it in the first place?!
One of the biggest inhibitors of this faith permeating your whole being is quite simply the self... You have to learn the call.. The call is a universal call to holiness
And holiness is rooted in love
And love is what you are made for!!
But love is an action word.
I mean Vatican 2 calls us the church militant.. Why?
Because we are at war! I've never seen a war where the winner does nothing. I've never seen a war where strategy and execution doesn't take place...
How strategic are we being in our complacency?
The Mystics have a saying;If you're not moving forward then you're moving backward...it's time to move!!
Now who's gonna let the body see something?!?!?
