

PROFESSIONAL

LYRICS BY THE SYMBOL

Verse 1:

Oooh – Yeah I’m feeling so refreshed right now
Cuz I just came out of the confessional
St. Augustine took his and he wrote it down
Bruh – I’m doing the same but it’s lyrical
I go dumb on the beat call it vegetable
No vodka – reaching for the pinnacle
The summit and the source –
yeah that’s the way to go
And I’m carrying my cross down that road
This here is just a simple flow
Traveled all around the country no revenue
I don’t do it for the money just redeeming souls
But ‘cuz I look like I do they think I’m criminal
And where I’m from; how I talk – all I hear is how
They like ‘Nah he’s bad he’s not professional
But more lives connect with my testimonial
I don’t need your acceptance
I’ll take the lonely road

Chorus:

Just keep it professional
Professional
They be like - Professional
And I be like ‘Nah – way to go’
Just keep it professional
They be like – Just keep it Professional
And I be like ‘Nah – way to go’

Verse 2:

They see us walking down the block and
Go across the road

Verse 2(extended):

Pious servants we are, but they judge us still
Working with the church, but
Connecting with the world
Talking behind our backs is not professional
Many things in my life – my momma aint approve
I quit my job; was tired of boss being rude
I was wasting my time so I needed to move
No two weeks’ notice – I just didn’t show
Yeah I know bro – That’s not professional
But when God calls – you just need to go
Ya’ll worried ‘bout security,
I’m worried about souls
My God was homeless and
I aint working for myself
Nobody wanna do the dirty work or
Take a chance
My only plan is everything in the Father’s hands
Ya’ll building on sand – watch me
Build upon this rock
You store your treasures here,
My only treasure’s God

Chorus:

Just keep it professional
Professional
They be like - Professional
And I be like ‘Nah – way to go’
Just keep it professional
They be like – Just keep it Professional
And I be like ‘Nah – way to go’
