

# “DEFINITION”

LYRICS BY: THE SYMBOL

What defines you  
What defines you  
Is it where you come from or  
Who designed you  
Is it designer clothes that gives you your title  
I gotta know 'cuz this question is vital  
Is going viral  
What gives you your self worth?  
Caught in a cycle continuous from family birth  
What do you idol?  
Looking for approval?  
If they deny you –  
Does that change the true you?  
Is your bible final to revive you?  
Going through life's trials –  
Let me try you  
On Akuma's stage will you let him beat Ryu?  
God made you from scratch - No recycle  
Wanna be like Michael - or like you?  
Look yourself in the mirror  
Straight in the eye dude  
You ever had a night you wanna grab a rifle  
Put it to your temple and blast out your IQ?  
See I too - sometimes forget minute  
Moments –  
About the one who defined truth  
Jealousy and anger binds and it blinds you  
Or desperation simply makes us act primal  
I ain't tryna give you a lecture  
I just need you to examine yourself bruh  
Feel it out each different texture  
We are not defined by Miriam Webster  
A lot of pressure to chase the pleasure  
Eating forbidden fruit  
Straight drinking the nectar  
On adventure seeking the treasure  
Not realizing it lies in the center

Traveling the Bronx  
Westchester to Webster  
Seeking to mentor  
Those sold by the vendor  
Lies - take eyes off the prize  
Which is Heaven  
God don't let it fall down like Jenga  
Avengers assemble your members  
That's one body - one church  
Working together  
Seeking out the lost and the oppressed 'cuz  
Our definition is such 'til he returns again yup  
Yup if you define define  
Determine the nature of the word define  
Delineate the form or find its outline  
Determine the essential quality of define  
There's only one in fact  
The absolute truth can't be one in fact  
To be creator No identity in one himself  
So Relational is the way we define all else
