

NEW EVANGELIZATION

Never thought your kids Catechist
would make this song
Snare crack - he raps - on heavy
kick drums
Snapbacks turned backwards fresh
kicks on
He's not wack so attracts youth to his
son
That Bronx born boy at an early age
Received the sacraments but didn't
really know the faith
At 16 in youth group introduced the
man
In adoration I would start to learn his
holy name
That new new - the full truth - you
ain't used to
Don't Know about Christ - let me
introduce you
7 sacraments - read the Catechism
its crucial
If it wasn't for the Saints - I wouldn't
be here to school you
In sick of rappers that's wack and spit
doo doo
Get up in your mind and soul and just
pollute you
On YouTube or Oovoo
Everything that I do is to
Show you the true guru
Eating emcees like couscous - New

New Evangelization...

I'm a reach out
And speak out
With my peeps bout
That one things that we bout
Hello - Ni Hao
Hola - todo es Amor so I seek out
every opportunity to share the prince
of peace now
Learning new languages
communicating verbally
Allest ist liebe - I learned that back in
Germany
Guten tag my people let's live with
urgency
Cuz most are living ways that will
eternally burn third degree
In this digital world it's pretty pitiful
Preach unity online but never wanna
sit with you
When I spit it my saliva's extends
what the chrism do
On the beat or in the street here to
be Eucharist for you
So who gon' ride for that
Gotta keep my mind intact
Go to mass - Read the scriptures -
yeah that's just the Starter pack
Build community that is truthfully
where my heart is at
But if I take a selfie with the crowd
don't catch a heart attack it's new

New Evangelization...
